## Product Description

NF9197L Leather Watch for Men, one of our best-selling timepieces designed specifically for outdoor enthusiasts. This exceptional watch features a unique three-window display, adding a touch of novelty and functionality to its design. It is available in a wide range of attractive natural colors, catering to diverse customer preferences.

### Sell Point:

- Multi-function:

The NF9197 watch offers more than just dual movement display, date function, timing, and luminous reading. It is designed to meet your various needs in different scenarios.

- Versatile Appeal:

The NF9197L Leather Watch appeals to a wide range of customers who enjoy outdoor activities such as hiking, camping, and exploring. Its rugged yet stylish design makes it suitable for both adventurous excursions and everyday wear.

- Waterproof Design:

3ATM life waterproof design, it can withstand everyday activities like hand washing, rain, and splashing.

- High-quality Movement:

The watch features a high-quality Japanese Seiko movement for precise timekeeping and ensuring long-lasting performance for customer satisfaction.

- Durable Quality:

The soft and comfortable genuine leather strap, environmentally friendly vacuum coating technology used in the case, and the scratch-resistant mineral glass crystal ensure its durability and long service life.

- Customer-Friendly Pricing:

Despite its exceptional quality, this watch offers great value for money, allowing you to provide your customers with an affordable yet high-quality timepiece option.
